*"My people you are beginning to step in! You are on the verge of what you've been craving for, of what you've been longing for. My people do not stop now! Step in. Push further. Push further. There's more for you. There's more for you! I am on my throne and I have my eye on you. You are in my face, you are in my presence and I am the one who's leading this, I am the one who's calling this, I am the one who's orchestrating this. I say to you, follow me, run with me, go with me! Step in to what I'm doing. Don't stop, don't stop, don't stop! What you've been craving you're on the edge of. Step in, my people, step in!"*
