There is a rain coming. A cloud in the horizon. I just wanna speak that prophetically. There is a cloud of rain in the horizon. There is a cloud of rain in the horizon. It's coming and I even wanna say it's coming quicker than we realize. There is a cloud of rain in the horizon. A cloud of rain in the horizon.

It's even like a dark cloud. And, it's even like a dark cloud. It's not about destruction even though it may seem like destruction is following it. But, it's not about destruction. It's about a refreshment to the body of Christ. There is a cloud in the horizon. A cloud of rain. And, it's coming. A dark cloud. And, it may look like it's bringing about a destruction, but it's bringing about a refreshment to the body of Christ. It will water. It will water the seeds. It will water the seeds that have been in the ground. It will water the seeds that have seemed as though they've been dormant. It will water the seeds that have died. It will bring about a rain and a refreshment to the seeds that have been dead in the ground, and they shall sprout and they shall produce. I said, they shall sprout and they shall produce. They shall pop out of the ground, here and there. You will see them shall pop out of the ground here and there, and you will see a move of God here and you will see a move of God there and these are preparations. These are simply preparations. It's coming. in places we least expect. Those that have been like Davids, those that have been like David's who sat under the tree tucked away ministering unto the Lord. Get ready. Those that have been like Davids that have watched over what has been entrusted to them. They've been found faithful in the little. They've been found faithful with the little. Get ready. The Lord says to you, those that have been like David the Lord says to you, get ready to cling to the cross like you've never before. To cleave and cling to the cross like you've never before. You will find yourself at the foot of the cross more often than before. Get ready.

It's time, Lord. It's time, Lord, I say. Heaven is my throne and Earth is my footstool. What kind of house shall you build for me?
